

BACK TO SCHOOL 2022-2023

LOUIS-QUERBES Pavilion

Grades 10, 11 and 12

Dear Parents and Students,

On behalf of the staff at Bourget College, we are happy to welcome you to the 2022-2023 school year! We are looking forward to a productive partnership with you to ensure our students can achieve their highest potential. We recognize that to be successful in school, our students need support from both their home and school. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our duties. We ask that you guide and support your child's learning by ensuring that they:

- 1) Attend school daily and arrive on time
- 2) Complete all homework assignments given by teachers
- 3) Read daily to develop a love for literature and to improve literacy skills
- 4) Share school activities feedback with you so that you are aware of his/her school life
- 5) Inform you if they need additional support in any area or subject
- 6) Know that you expect him/her to succeed in school and prepare for postsecondary studies

Students, you are entering the senior years of your secondary school education where important academic choices will have to be made. Grade 10 students, you will begin thinking about your future. Grade 11 students, some will pursue into Grade 12 while others will apply to college. And, Grade 12 students, it will be time to think about your career options and university applications.

We wish you a wonderful 2022-2023 school year at Bourget College!

We invite you to carefully read the following documents which contain useful information for Back to School 2022-2023
