

Scholarship application and Financial Assistance request

Elite Sports programs

Bourget College has always encouraged athletic development among its students. Proud of a rich heritage and a long tradition of sporting achievements, Bourget College innovates and consolidates its position as a leader in the field of athletics. As a result, the College, its foundation and its various partners have enabled the establishment of a scholarship program to support our students in education. This program will provide students with access to top-notch athletic programs while benefiting from a rich curriculum and quality coaching.

General eligibility

To be eligible for the various scholarships, the Student-Athlete must meet the following conditions:

- Be registered or in the process of enrolling at Bourget College and meet the various admission criteria.
- Respect all the conditions stipulated in the educational contract linking it to Bourget College.
- Be enrolled in one of the College's Elite Sports program.
- Complete the application form for Scholarship and provide supporting documentation.
- Represent Bourget College ethically and citizenly in all circumstances in addition to projecting a positive image among its peers.

Students will be selected by a committee represented by the various partners, according to the criteria in force and according to the different scholarship programs.

In all cases, a departure from the College or an abandonment of the sport would result in disqualifying the Student-Athlete from the amounts allocated. The College reserves the right, at all times, to withdraw scholarship from a student who does not meet the commitments associated with the assistance program.
