

BACK TO SCHOOL 2023-2024

Bourget College Grades 10, 11 and 12

Dear Parents and Students,

On behalf of the staff and administrative team, I am happy to welcome you to Bourget College for the 2023-2024 school year! We are looking forward to a productive partnership with you to ensure that your child can achieve their highest potential. We recognize that to be successful in school, our students need support from both their home and school. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our duties. We ask that you guide and support your child's learning by ensuring that they:

- 1) Attend school daily and arrive on time
- 2) Complete all homework assignments given by teachers
- 3) Read daily to develop a love for literature and to improve literacy skills
- 4) Become involved in student life activities at the college
- 5) Complete their community service hours
- 6) Seek the support of their teachers and the staff at Bourget when required
- 7) Understand your expectations for school and discuss goals for postsecondary studies

Students, you are entering the senior years of your secondary school education where important academic choices will have to be made. Grade 10 students, you will begin thinking about your future. Grade 11 students, some will pursue into Grade 12 while others will apply to CEGEP. And, Grade 12 students, it will be time to think about university applications.

We wish you a wonderful 2023-2024 school year at Bourget College!
